

# KEISER STRENGTH HALF RACK

Models 3103 and 3104

RACKS

## AMAZING BENEFITS, SMALL FOOTPRINT

The Half Rack does begin to tighten things up, especially the amount of floor space it requires. We still provide a short version of the foot operated resistance controls provided on the Power Rack and Half Rack Long Base. It's a great way to get the explosive benefits of Keiser in a smaller footprint.

## FEATURES

- Allows training at any speed, from controlled to explosive, for improved power
- Unique hybrid design combines smooth Keiser **Dynamic Variable Resistance** and free weight resistance to emphasize not only strength training but also speed and stability training
- All in one system to accomplish more in less space
- Customizable workouts for all users
- A rack to fit every need
- Dual displays to satisfy both user and trainer
- ADA compliant - Section 44 Disabled Access Tax Credit
